FINRA Investor Education Foundation web site redesign

The FINRA Investor Education Foundation recently launched its redesigned web site. The new design makes our resources, research and grant information more available and accessible to grant applicants, educators and the investing public.

Our [Grant Programs](#) area outlines our [General Grant Program](#) as well as our [Smart investing@your library](#)[®], [Financial Education in Your Community](#) and [Investor Advocacy Clinic](#) programs. Grant applicants can view [instructions](#) and [guidelines](#) as well as review descriptions of [past grant awards](#).

The material in our [Resources](#) section is now more visible and more accessible. View or download our [Educational materials](#), online [tools](#) or our collection of grantee [research](#). Finally, don't forget to visit our [news](#) page to get the latest information on the FINRA Foundation and its grantees.
