### **Consumer Information on the New Credit Card Rules**

The Federal Reserve Board released new rules to protect consumers who use credit cards from a number of costly practices. Credit card issuers must comply with most aspects of the rules beginning on February 22.

Consumers can learn more about changes to their credit card accounts by accessing a new consumer-friendly online publication. ["What You Need to Know: New Credit Card Rules."](#)

It explains key changes consumers can expect from their credit card companies as a result of the new rules. We hope to have a pdf of this posted soon, but in the meantime you can print the html from your browser.

[For more information about the new rules](#), including the official press release and the full technical requirements.
