The 2011 MetLife Study of the American Dream

The following comes from ASEC Partner, [MetLife](#).

In a nation that has been deeply impacted by a lingering financial crisis — where home prices have plummeted and job gains have yet to take hold — the long-held view of realizing a prosperous American Dream is no longer a monolithic, singular concept. In its place, a new American Dreams is emerging, one that focuses more on achieving personal fulfillment over financial success.
